

Seamless and easy-care:

Flooring from Silikal for five star hotel “Seeresidenz Seehof”

Expect more from your floor.

Large area coatings for kitchens and pantries

Over 1,000 m² of reactive resin flooring from Silikal was installed in the kitchen area of the five star hotel "Seeresidenz Seehof" near the Walchsee. Renovation and new building measures included all cooking and adjoining rooms, storage and cooling areas as well as hallways.

Robust and easy to keep clean they are proving their worth in the hotel's daily

hustle and bustle. This flooring creates excellent preconditions for hygiene and a well tended look. Particularly attractive: the colour combination of the Silikal coating in the canteen kitchen. Added flakes in yellow, white and grey complement each other for a friendly, fresh appearance.

Silikal
made in Germany
since 1951

Skillfully applied by qualified installers and the new floor is fully cured and ready for action within one hour. A perfect way to keep your operation running wide open.

Expect more from your floor.

Silikal GmbH

Reactive resins and polymer concrete for industrial floors and civil engineering projects
